

# vision 20/20

His mission. Our future

## **Creating Financial Strength**

- Over the next five years, we will set aside financial reserves equal to five months of expenses, for the purpose of meeting the challenges of rainy days.
- We will begin to use a plan developed by the Nashville Area Foundation for educating the congregation about stewardship in the local church.
- We will begin using Financial Peace and Poverty Cure to educate our congregation and community about personal stewardship.

## **Enhancing Our Facilities**

- We will make the needed improvements to turn our gym-room into a true fellowship hall.
- Over the next five years we will make improvements to our sanctuary, which will include, enclosing the sound booth, adding an additional spotlight, making changes to the choir mics,

purchasing in-ear monitors, replacing analog mics with digital mics, and replacing some of the equipment in the sound booth.

### **Deeping the Roots of Prayer**

- Promoting intercessory prayer on Wednesday nights.
- Promoting intercessory prayer on Sunday mornings.
- Promoting intercessory prayer during staff meetings.

### **Developing Young Leaders**

- We will identify and mentor women and men in their 20s, 30s, and 40s to become godly leaders in this church and other communities.

### **Broadening the Reach of Local and Foreign Missions**

- We will develop a missions team who will be responsible for helping our congregation be more informed and active in local and foreign missions.

### **Transitioning Our Church from being a Program-driven church to being a Mission-driven church.**

- This goal is about moving our planning away from filling up the calendar with good things to do to intentionally planning ministries that will help our people take the steps of Discover, Connect, Equip, and Send.

## **Offering New Avenues for Worship**

- We will make a new commitment to our first service, by not stopping and starting the service, according to calendar considerations, such as summer.
- In 2016, we will launch Fused. Fused will be a new avenue of worship for those who may not be interested in our first or second worship services.
